*Function and design in the old sacristy of San Lorenzo*

by M.Herbert

## ***Function and design in the old sacristy of San Lorenzo***

by M.Herbert

**Abstract:** Giovanni di Bicci de' Medici's mausoleum in San Lorenzo in Florence has influenced the Florentine as a monument of a sacristy in the years after c. 1350. Repositories for collections of saints' relics, the busiest spaces in a church is in our days an open discussion that considers Giovanni di Bicci de' Medici's as a highly unconventional step of establishing a renaissance monument of a great attention.

**Key words:** history of architecture, sacristy of San Lorenzo, renaissance architecture.
